

Conditions for downloading and using the Finnish Alert-C location database

- Owner: Finnish Transport Agency
- The location database is submitted in a single and multiple table exchange format.
- Use of the location database is free of charge. Registration is required. No contract or license is required.
- Finnish Transport Agency (FTA) can not be held responsible for failures or malfunctioning of equipment. FTA can not be held responsible for direct as well as indirect damages caused by errors in the database or by using or applying the database or its content.
- By downloading the files the recipient agrees with the conditions of use set by FTA.
- The Finnish location database version 1.7 is certified by the TISA forum in 2011 and is available for download.
